Monkey 3156 needed a better gaming chair

I'm Duraludon and my favourite of the forums is Forum 7. I think I'm the first person to plant a time capsule within NationStates! It's in Arts and Fiction. I have a liking of Pokémon, but not as much as you may think. I had an old sig, but I didn't really like it

Monkey 3155 killed himself, acknowledging he's quoting himself. All he's doing is getting this topic popular again.

We haven't. The three posts ahead of mine were misnumbered.

Monkey #3133 narrowly escaped the Earth with his one true love Ms. S following the US' bombing of the entire world in search of him. Unluckily for him, the studio was forced to shelve the series due to the expense of the final episode, which was not aired due to lack of screen time.
