I see you are an ailurophile, too. So yes, I would live in your nation too. 😊

AN: I would also live in your nation, civil rights seem high enough.

Probably...

The Republic of Ourisio: A semi-isolationist democratic socialist, "muscular" parliamentary republic with hispanophone minorities, conscription and a world-class aerospace and tech industry in the far north. Famous for pioneering powered flight and bad food. Think "Norwayifornia" but more fighter jets and robotic arms.

Hmmm... probably not. The living standards don't seem to be too good except financially and it seems a bit too socially restricted for my liking and I certainly wouldn't want to be forced into the military thank you very much.
