we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

TWO NEW BANDS YAYAYAYAYA

I dig instrumental bands.

I assume you've heard a fair amount of Muse, because the one song I posted was quite drastically different, since the bassist was singing instead of the lead singer.
