Uses NS stats... Wahhh!!

If you're going to make a totally original nation on NS, might as well work towards getting your desired stats instead of writing it all down in a factbook.

Alternate genders

I'd say this nation is about 85-90% representative to my beliefs

About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

I'm probably in the minority, but I actually pay more attention to in game stats than to roleplay
