It seems like they are quite forward thinking.

Please please please please read my Factbook. It's short and to the point. You
will get the premise of this nation perfectly by reading it.
The Caliphate is not in Iraq. We are not the ISIS. It's located as a union of
Hejaz, Somaliland, Somalia, Yemen and North Sudan.

PMT/Early FT - Decopunk. Zitragrad is a crowned republic in a planet
somewhere else in the universe. The formerly wartorn nation keeps a facade of
normalcy and order while enjoying the societal and cultural decadence that
marks the new Roaring Twenties. The paranoid authoritarian government tries
its best to uphold order in the face of uncertainty, while its people want nothing
more than a breathing space. A deal that works, but maybe not in the long run. |
