"Oh, oh, oh! I was a pirate too! Hell, I actually have a redbear, unlike this old fuck. Never mind my immortality and actual age though. Totally young and fresh! Still, I should've gotten the title Redbeard, but my world already had a famous pirate with that name. So, I was stuck with the gay-ass name 'Girlybeard'. They were SO mean about it! WAAAAAAAAAAH! WAAAAAAAAAAH! WAAAAAAAAAAH! WAAAAAAAAAAH!"

Eh, I just took the name in heart.

Honestly though, none of the pirates really had that classic pirate aesthetic I was going for. The Broken Coast were more like Vikings, and Port Maw was...well more like normal raiders who happen to use boats. So, I brought back the aesthetic and promised the pirates the loot of their leaders' chests, ship democracy, and privateer contracts if they served the RCAS. I also simultaneously got the victims of their raids to work with me by prohibiting the new 'privateers' from raiding RCAS controlled settlements. It's a win-win, hehe! I get to spread the RCAS and gain naval supremacy. The raided people get both freedom and security. And, the pirates get to live their lives freely as a Pirate Republic, looting in the name of the Neo-Confederacy. Of course, it got awkward when I finally reunited America, but by that point, the RCAS could afford giving those privateers veteran's benefits. They just got assimilated into the Navy.

Oh, that guy? I don't know. He's a pirate. Yaarrgggh! I like pirate aesthetics, so I can't help but like the guy. But seriously though, he's delusional as fuck. Trying to fight against a modern navy with 17th century technology. Yeah, when I LARPed as pirate, I at least used submarines and small boats to basically give navies the wolfpack treatment. I think he just fell underwater during that battle and got so much brain damage that he's in a permanent coma. Honestly, that isn't too different to how I was when I initially achieved godhood. I mean, I was aware that the world I was in was a fantasy, but I created it myself and was trapped in it. That or he actually managed to pull it off. I'm leaning towards the former."

"And here we are for the... how many times have I explained it?

No I'm just joking, I've shipped John a lore script or two of the Lowbloodian history, though none of the forbidden scripts, but surely enough to vastly understand Lowblood.

His enforcer seems hellbent on my demise, but if that were to happen the cycle would only go- Damn it, I'm going rant, they really shouldn't have let me into the grand archives I almost live there.

The man is a fine soul, he delves into science, even exposing it to himself but not to the extent of some rapture scientist. And his sanity is rock solid which gives him a rather stern look towards others.

I'm possibly the only exceptional to his dislike towards those a bit more on the wild side as we share something beyond explanation. It makes one question what would happen if Lowblood were to tangle with another nation.

But his fighting style reminds me of the various folk in Lowblood that attempt to turn these lands into a mafia or a wild west ruled land, if I were to fight him and give him a sword he'd blatantly pull a pistol out of his coat pocket and shoot me in the shin. He doesn't need honor when he sees victory. But he's friend, just like the others. Even if nobody gets along."-Oni

"Mercer's gonna get some popcorn and beer, and then go watch the fight between good ol' Skyhooked and royalist Kyria. I guess, he's gonna cheer the Kyria, because he thinks, that those, who don't work for 12 hours all seven days a week, and also have an occasional party are parasites, and must be used as test subjects for his experiments, some of which are so cruel, that they would make even a seasoned interrogator Guantanamo faint.

His vision of a proper civilization, is something, that we detest ever since we had enough with law and order, that killed half of our population. HALF! And totally obliterated the culture of old.

Well, too bad for him, because we gonna win or at least achieve white peace and disappoint him. We have released a new line of armaments, such as energy katanas, laser whips, and gauss rifles. Let's hope, we gonna outfit our ships with railguns sooner than later. And new potent compound, that creates a blue explosion. And soon, Roberto Motors gonna come up with improved light armored cars, which can withstand lots of damage...

PS.

Okay, okay! John Mercer gonna drink some tea and watch the show, he will not place a bet, since it's "degenerate", and of course he will not shout swear words, when his favored side loses. [Exuberant Superintendent T-1000/2904 Surveillant Clarissa Alanis Star Breya](#) « [La Amoureux Chéri](#) » [Millie Taissa Butterfly Mélody Coraline Jolijn Trini Clementine Hollie Samantha Zeta Harumi](#): [At 100 meters tall, Clarissa lies down on her front and inches towards the two Zitragradians, her eyes as curious as ever at the two people in front of them] Oooh, my little friends! It's been a while since we have last met, how are you two doing? As for Mr. Kazimir, I believe that we have indeed met each other and that we have something positive from one another! I am definitely very positive on you! I know we have some differences between our ideologies and the way we act, but so far, I think we have something positive going on! I think you need to act a little friendly towards the people around you, though! As for Mr. Dresvyanin? You are quite a strong man, both physically and mentally. I am not saying that Mr. Kazimir is a weak person, of course not! ^^ I mean that... well, you got the appearance going for you, so that is what I was saying! I heard that you have cats, so... hm hm, I really want to meet them one day, if you don't mind! I can shrink myself, of course! Would you two like a hug? Don't worry, just stay on my palms and you will be fine! I am a gentle blue robot, ha ha ha! ♥
