The Mad King of Hell

I am the "who" when you call, "[Who's there?](#)"

Hell's Bells: Ask not for whom the bell tolls, it tolls for thee.

This isn't Wall Street, this is Hell. We have a little something called integrity.

And I heard as it were the noise of thunder, One of the four beasts saying come and see and I saw, and behold...

50 Cent – Like My Style

I know I was just talking shit about 50 a few days ago, but I finally decided to listen to his debut.

It's alright, actually. Much more tolerable than I expected.

If liberty means anything at all, it means the right to tell people what they do not want to hear. - George Orwell

Wise men speak because they have something to say; fools because they have to say something. - Plato

Munly and the Lee Lewis Harlots-Another Song About Jesus, A Wedding Sheet, and a Bowie Knife

Post Kaiser

Posts: 75454
Founded: Mar 19, 2011
New York Times
Democracy

Someone needs to take
a rusty Bowie Knife to you
From your groin to your chest bone
And spill the truth
That way you might touch your inside like I has to
like you always make me do
Someone spaded Jesus Christ through skin meat and bone
the iron from the spike it starts that rustin'
the iron from His blood it adds to that rustin'

His blood rolls down the hill and pools up in the cotton-field
well the cotton it be twice growin'
and it is cherished for it's red red hue
and it is marveled for it's stiffness
and it is revered for its twice growin'
growin' up out the earth growin'
back into the earth to be spat back out the mool be twice growin like
Jesus Christ will
to return like Jesus Christ

Such lovely and strange lyrics...This guy seems to have a lot of dark lyrics.

Bauhaus - *Bela Lugosi's Dead*

CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
