An outward democracy that slowly becomes more and more totalitarian as you go up the ranks.

A federal presidential constitutional republic.

I don't know how smart I am. I might be more wrong than I think.

I believe that maintaining the earth should be our first priority.
I believe in the harm principle as expressed in the fourth and fifth articles of the *Declaration of the Rights of Man and of the Citizen*.
I believe that gender roles are redundant.

Bisexual and genderfluid. I accept all pronouns. You don't have to worry about unintentionally offending me.

Duotona is a nation nestled in the Pacific Ocean. Marked by the scars of its bloody past, the people of Duotona persist and have given the nation a voice from which it preaches the word of peace and democracy across the globe!

Some manner of monarchy, maybe one that is on the surface constitutional but in practice absolute.

IC name does not include Gaia in it, it's just 'United Nations', NS stats are not canon and are not used.
