The International Community decides to act, and Bobland is granted permission to Nuke all Mongol strongholds. One day after the Bashkir Rebellions, Ulaanbaatar, Shanghai, Beijing, Moscow, Astana and Ashgabat have been bombarded with the entire nuclear arsenal of Bobland, reducing it to rubble. At this point, the Mongol Empire is on it's knees.

After the revolution in Kekistan, The then unstable government lost the Mazandaran And Golestan provinces to The free Territory of Kekistan, The free Territory of Kekistan also got limited recognition, including The MBTH recognizing them. after The Mongols overtaking all of the middle east, The free Territory of Kekistan lost the Mazandaran And Golestan provinces to the Mongols and is now a client state of them; with the former government figures of Kekistan thrown into jail, never to see daylight ever again.
