Is that steampunk music? Haven't listened to that in ages. ☐

You should listen to a band called Abney Park. They're pretty good.

I did, but I prefer the Clockwork Quartet.

I'm guessing Placebo is your kind of band.

I can say that I liked that song, but it's not exactly the kind of stuff I listen to regularly.

Recent Political Compass Results

'Twas brillig, and the slithy toves;
Did gyre and gimble in the wabe;
All mimsy were the borogoves,
And the mome raths outgrabe.

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
