Yes you should, because every time I see you post something I think it's me that posted it. ☐

Clair de Lune - Debussy

I have to give it to Debussy; he was a great composer, and yet, even though this song has probably been heard by most people, many do not know his name. It was a stroke of genius, and he refined the musical genre of impressionism, one which, no matter how much I admire the Germans, could not be topped by the German equivalent of expressionism.
