I was browsing for my nation's music, and then I just started to look from weird and abstract shit from other countries. It's quite nice actually. At one point I was listening to various anthems, then a few European marches, some from Africa, then some traditional Asian music, and then this. I discovered how culturally diverse our world is, ain't it wonderful?

BTW, I'm amazed by the number of people who were/are listening to Nirvana (nothing wrong with that in my opinion however).

There's two people. One person is listening to Nirvana US, and I'm listening to Nirvana UK.

Millencolin - Brand New Game

That song is sheer AWESOMENESS!

My nation is not like my nation page at all, it contradicts itself, we don't EVER eat kangaroos, that's just very sad. Also vegetarianism is compulsory yet it still says it's the nation's favourite main course and all and stuff.
