Maybe Austria or Hungary.

Since Lillorainen's geography is currently being overhauled a 'tiny' bit, most information on it posted before December 12, 2018, is not entirely reliable anymore. Until there's a new, proper factfile, everything you might need to know can be found [here](#). Thank you. [#RetconOfDoom](#) (Very late update, 2020/08/30 - it's still going on ...)

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.
