Finnegan is looking away at that moment, giving Man time to grab the soldier and run off with him.

Man falls into the Grand Canyon of Zimbar Island, where Mina's lab is. The car enters the lab, and a safety system is in place to prevent the car from being totaled.

During the exploration of an emergency government safe house which was destroyed by raiders, Ellis gets killed by a shotgun trap. She then reanimates, only to be killed by a government official named Sponge Bob McSquarePants. Coach finds him, but he kills Coach too. He then kills the reanimated corpse of coach too.

New Sponge Bob McSquarePants
