Monkey 3580 got a little too close friends to some of the Wisconsin crazies, although his memory was honored by his face being a mask for 4 years after his death.

Monkey 3578 was the owner of the diffside restaurant 3579 came out of drunk. He was interviewed by the authorities and various reporters after the incident. During one interview, however, a monkey angered by the death of 3579 darted towards 3578, tackled him, and jumped off the cliff while tightly embracing him. Both of them were killed when they hit a rock protruding out of the water.

The autopsy showed Monkey 3571 committed suicide. The cause of death was two self-inflicted gunshots to the back of the head.

Monkey 3568 was coughed on by an anti-masker Karen. It got COVID and died.

The Army of DxD is an army tasked with defending the world from supernatural threats that aim to bring chaos to or destroy it. It is, for the most part, neutral in human politics (though it does slightly favour NATO), but will actively try to prevent a world war, and, in a war, will take a side if its bases, puppet territories

and/or concessions are attacked enough.

Most of the stuff here is WIP.

Monkey 3567 travelled the world to escape a hitman. During one of its many flights the hitman was revealed to be on the same plane over the Sahara desert.

The hitman managed to open the emergency exit door of the plane mid flight, sucking the hitman and Monkey 3567 out of the plane and into the Sahara desert. The hitman died on impact to the ground, but Monkey 3567 survived. Fast forward 2 days and the monkey is starving and dehydrated. Completely out of options, the monkey tears open its chest and begins to feast on it's own insides.

This does not work. The monkey dies. Horribly.

Monkey 3566 was an activist who, to his dying day, fanatically upheld the notion that Western Fardelshufflestein was not a functioning democracy, citing the closed nature of executive recruitment (hereditary succession with no elected prime minister to share power with), a slight lack of constraints on the executive (due to Parliament's ineffectiveness), and partisan-based political violence/factionalism (brawling MPs) as proof.

He was killed when a drunken MP smacked him hard in the back of the head with a chair.

I feel like that could happen. (Jeez, I need to actually develop my political structure and Parliament.)
