Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.

everyone knows that quote, "I know not what weapons World War Three will be fought, but World War Four will be fought with sticks and stones," but in a way it's optimistic and inspiring because it suggests that even after destroying civilization and returning to the stone age we'll still be sufficiently globalized and bellicose to have another world war right then and there

Immunity is one of my favorites (The song).

Godflesh-Suction

Have you listened to Godflesh, Luveria? Pretty good industrial metal.

I think Streetcleaner was one of my favorite metal albums ever.

And here I was pushing BOTH Neurosis and Godflesh aside because of their vocals and I decided to get myself used to them later. Then they both become some of my favorite metal bands?

Now I bet you anything Isis will do the same.
