Probably one of the few good songs Rihanna's released. ☐

Pretty much...People need to stop looking into all that crap and having a problem with it. Even if it is, who gives a shit?

Godspeed You! Black Emperor-Antennas to Heaven

Shortest, at 18 minutes.

Giving this a 9/10. Second album by this band for me to give a 9. I have two bands like that now.

Out of 22 songs, this band only has 3 songs that aren't over 10 minutes long. And those 3 songs are all 6 minutes long. 2 of them on their newest album. They only have 4 LP's and 1 EP, if I recall correctly.

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Because they're devil worshipers man! They're brainwashing us!  
Pyramids with eyes = people who want to take over the world!  
WAAAAH!

I remember watching a rapper talking about the supposed "illuminati" symbols in videos. Basically, he said, "Yeah, we put that shit in there, because it gets people talking about the video and gives it attention. It's all marketing."

So...who are the blind sheeple again? ☐

Godspeed You! Black Emperor-Providence

29 minute long song...

But hey, I'm doing a lot of RPing related stuff right now, it's a good way to make these long songs go by faster. If I have nothing to do and I go and listen to a 29 minute long song? Yeah, doesn't go so well.
