A fine of 1.1 times the production cost of the items, and being forced to return them.

Forgot to add the crime, so it will be throwing a brick through your political opponent's window.

AN had no crime above, so AAN is Grand Larceny.

Edit: AN's new crime would result in 2 years prison for smashing a window. Any injuries increase it by 5 years.

For AAN: That would probably result in a police detainment, and a public beating and mock (fake) execution.

For BN:

Farting in the leader's face.

Public execution.

Taking a poop in your leader's mouth and forcing him to eat it, then drowning him in a tank of your own piss, then killing his vice president by running him over with a tank.

for three counts of torture and two counts of murder, enhanced by them being crimes to interfere with the head of state conducting his duties, you'd probably get a life sentence.

Would likely be classified as an attempted terrorist act, and such things rarely result in anything short of life imprisonment or execution.

Probably a fine for trespassing, and potentially jail time if you severely damaged the home to get in (e.g. breaking windows and blowing up the door). It really depends on the severity.
