YES! it must take a lot of dedication to get some many 1% badges in great areas.

I guess no? Your economy needs a bit of work.

I'm trying (I need to boost my economy, a whole bunch of stats, get policies, etc...), but the issues aren't coming up

Yeah, I know, I had a nation that was first top 0.2% in Income Equality but had a horrible economy...it's economy is now "Developing", along with its income equality still being around 0.5. The best way to achieve a socialist economy along with a "Frightening" economy is to start with "Agree" on Capitalism is on the way out instead of "Strongly Agree", and then work until you achieve a Frightening economy, and wait for an issue that activates the "socialism" policy. That way, like me, you can combine an economy in the 90s with a socialist economy. /stillme

I mean, it's a definite possibility. I wouldn't object to it. So, sure, I guess.
