A temporary ceasefire is signed across the universe in order to unite all the forces of the world, including Uno Reverse Savior and Supreme Man, to stop the War of Spams being caused by Ashotu. Once the crusade is over, the normal warfare and politics will resume.

OOC: Nice.

The Lunar Republic readies its warships. A letter is sent:

### Ministry of Universal Affairs

The Lunar Republic hereby opposes Ashotu. By royal decree, all lands across the universe are to unite and support each other, to fight the godmodding Republic of Ah-Show-Two. Let this be an act of safety and peace.

The battleships use their water reserve and spray Kironare with water. He was then shot and dead, making the post useless.

The player will be asked 10 questions about themselves.

The user behind the Capuchin Polity ignores whatever the hell Ashotu/New England and New Wales has going on.

To thank the Squirrel-Gerbil Confederacy for their valiant defense efforts of beleaguered Capuchin troops invading Catalonia, the involved units all receive a new military honor, the Golden Banana. The two also enter into a migration pact to increase cultural exchange between the animals.

After Capuchin-Alpha's second speech and his attempted assassination, he resolves to make himself and his populace more impervious to harm. Perhaps

cybernetics could be the answer...

At the request of the Lunar King, Capuchin-Alpha sends many funny monkey videos to help cheer him up. The rewards were extremely helpful both in developing faster communication between extrasolar colonies and more powerful energy-based space weaponry. The Capuchin is happy to attend the Royal Fair to help display their new quantum-laser entanglement communication and a prototype food replicator(that currently only replicates bananas).

Meanwhile, Catalonia is being pushed back by Catgirl, Nal'xiso, and Capuchin troops, all of which are now equipped with new exoskeletons allowing enhanced strength, speed, and agility. But there are still heavy casualties on both sides, and even with the Catalan power grid crippled, the war continues to drag on.

The SG confederacy and Paraguay have an intense naval battle around St. Helena. Estonia, Basquenland, Communist Lemmingtopia, the Nunavutian Empire, and Fascist Plymouth join the war, the first 3 on the side of the SG Confederacy and the Capuchins, the last 2 on the side of the Asuncion Pact. As this war intensifies, the upcoming battle of Recife will be big.
