A highly depressed one. Not trying to be rude, just shocked by a purely black and white flag.

Benevolent authoritarian socialism; it reminds me of Seychelles under France-Albert Rene.

A federal left-wing nationalist country situated in a fictional world in the extended Cold War timeline. Authoritarian by Western standards, Libertarian by Eastern standards. Atomic Tech - The year is 1978.

In process of retconning, especially regarding geography and demographics.

Self-governing communes (specific government types may vary, although most are some form of republic) which are united in a confederation for the purposes of mutual defence and trade.

Single-party regime, probably at least nominally socialist.  
(The flag's combination of colours & simple shapes make it look [sub-Saharan] African to me, and such regimes have been all too common in those parts...)
