I didn't realize you liked that kind of singing.

I've never been able to get into that kind of style of singing. It has always got on my nerves for whatever reason.

Well, that's not nice at all for you to say such a horrible thing. ☐

\*listens to Tears Don't Fall, again, due to Corrian's deeply hurtful emotional gutshot, as my tears run down my face, but do not fall, making the song name true\*

So, this Book of Souls album is part 1 of 2 albums (Which was originally supposed to come out in May, but Trey Spruance is known for pushing things off, because before that it was supposed to be out in 2005. He likes making sure things are perfect like he wants them to be), and my dad just told me that two of the sub bands of Secret Chiefs 3 (there's 7, all masterminded by Trey Spruance) all have like, albums ready to come out but Trey just needs to do whatever it is he wants to do with them before they come out.

Crazy musicians who just have like a gazillion ideas sitting around 24/7....and who get new ideas all the time.

Meanwhile, I can't even come up with anything to write at all music wise

Yeah pretty sure it's something like that, I'm just trying to figure out which of my Spotify playlists this should go in: Grime or Hip-hop. The song sounds like hip-hop but with other influences in it...

EDIT: Dafuq? It's not on Spotify!
