No, it is not.

Metalcore is a broad fusion genre of extreme metal and hardcore punk.

It is neither metal or rock.

I think I got my sister addicted to Lorde, though she's the same as me with it and isn't sure why she likes Lorde but she does. Especially Tennis Court because it has hip-hop elements and my sister dislikes hip-hop more than I do, and she likes that song.

Deerhoof-The Perfect Me

I'm going to work on finishing Deerhoof today. 2 10-song albums to go.

It amazes me how many people post about listening to their teachers in here. It's like, shouldn't you not even be on the phone in the first place if you're in the middle of class?
