A few months ago a racist bigot named Gypsy Crusader was arrested for having a gun. Though that was not the only thing. He was notorious for being a far rightist and a big supporter of Trump. He is also known to be a homophobe and a racist, and actually profits from bigotry. He sold a toy gun that shot the n word and he uses this prop in his Omegle trolls. He dresses up as the Joker and he trolls people on Omegle. His arrest created lots of backlash by mostly preteen kids. Many people are defending because "he was made this way" and it's the "left's fault" but that is a load of rubbish. It's actually people who watch their favourite YouTubers defending him and they ride on the bandwagon. Antifa did not assault him, and in my opinion he should be executed. He is a liar who plays the victim and unfortunately, it is a losing battle for Antifa. There are far-too-many children who have been brainwashed by his disgusting acts. Now this is the main part of the thread:-

Is it just being soft any more? Is it black humor any more? Is it trolling anymore? Answer: It's not. People can't scream racial slurs and expect for others to walk it off in the name of "dark humor". People will criticise it. And it's not being soft for being angry at it. It is justified. This is why free speech should be controlled. Free speech will destroy a nation. I'm not saying that political speech

I'm not entirely sure what the point of this thread is, but if it's quoting people out of context, you should have picked a different quote from the person above you. That one got him warned. Think about it next time.
