*"It is the ultimate irony of history that radical individualism serves as the ideological justification of the unconstrained power of what the large majority of individuals experience as a vast anonymous power, which, without any democratic public control, regulates their lives."*

^I'll try to listen to some of your music later!

Mum-Sing Along.

Weird song and weird ass video, but awesome at the same time. Based on the lyrics, I believe this song is about human hypocrisy related to animals. At least, I agree with the top comment that says that. Mum have always been kinda unique and weird, but I think they got even weirder recently.
