This nation should not be taken to be representative of my real-life views, nor should any of the nonsense I posted on here as a teenager.

ambient. pretty mellow and nice. definitely puts the sea in mind.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
