Disagreement over Exclusion Amendment in Norfolk ends in a shootout. 6 gunmen on the two sides, 3 bystanders killed.

I'm proud of them for settling this debate the good old fashioned American way. Gun-fightin' disproportionate to the debate's importance, innocent bystanders killed, both sides armed to the teeth.

It's the way the Founding Fathers would have wanted it.

/stillme because it's yet another low-effort response from Ashotu that misses the point of the thread and doesn't even point out what part of the signature they like.

LMAO expects to get a 'real response' when they give out the least effort/one sentence long responses. This is the reason people have a low opinion of threads like these.

As does everyone else.

Which is why we all actually pick something from the ANs sig to react to.
No one gets anything out of you only posting your reaction.
How can we be certain you're even reacting to the correct AN?
This is why these thread games have even just basic rules.
Please, for the love of everything, actually follow those rules.

Damn, in Astoria they got the news in Orcish language and everything. They're very inclusive over there, I mean, I didn't think *Lord of the Rings* fans had that much influence in society over there.
I'm sure J. R. R. Tolkien would be very proud.
