Gorillaz - Feel Good Inc.

A interesting thing to do is replace "Feel Good" with "NOOT NOOT".

U2 - Love Is Blindness  
From *Achtung Baby* (1991)

*Love is clockworks  
And cold steel  
Fingers too numb to feel  
Squeeze the handle  
Blow out the candle  
Love is blindness*

*Love is blindness  
I don't want to see  
Won't you wrap the night  
Around me  
Oh my love  
Blindness*

*But I want love, just a different kind  
I want love, won't break me down  
Won't brick me up, won't fence me in  
I want a love, that don't mean a thing  
That's the love I want, I want love*

U2 - Stay (Faraway, So Close!)  
From *Zooropa* (1993)

*Red lights, gray morning  
You stumble out of a hole in the ground  
A vampire or a victim  
It depends on who's around  
You used to stay in to watch the adverts  
You could lip sync with the talk shows*

*And if you look, you look through me  
And when you talk, you talk at me  
And when I touch you, you don't feel a thing*

*If I could stay then the night would give you up  
Stay, and the day would keep its trust  
Stay, and the night would be enough*

**Soilwork - "Father and Son, Watching the World Go Down"**  
From the album "The Ride Majestic" (2015)

Holy shit, this album is killer! Easily one of my favourites from 2015.

I still haven't got around to listening to the last Soilwork album...

Akphaezya - "Chrysalis"

Interesting avant-garde metal from France, with an extremely versatile female vocalist. She does growls, and low and high cleans in

normal, baroque and cabaret styles. The influences in this album are all over the map, from French to Arabic to Chinese to Jazz to circus music....

*The Killing Of The Sun* - Candlemass

Genre: Epic Doom Metal  
Album: Psalms For The Dead

I thought maybe if I learned how to play it I'd stop having to listen to it as often. I was very wrong.

Freddie Mercury - Living On My Own (1993 Remix)

Possible in reference to the Mars article (<http://www.bbc.co.uk/news/world-us-canada-34092770>). Yes, I know it's seven people but when a person like me has socialised with so many people, they would be sad when cut-off from real-life, let alone being on Mars for real.
