“

If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary. In framing a government which is to be administered by men over men, the great difficulty lies in this: you must first enable the government to control the governed; and the next place, oblige it to control itself.

Green Party.

Most NS Stats and Policies are *somewhat* accurate to how I envision this nation, but please try to judge this nation primarily based on its factbooks.

This is my attempt to write a nation that embodies my political views, but is also played realistically, showcasing both the upsides and downsides of my ideal system. Most factbooks are still an active WIP, so let me know if there's anything you think can be improved upon
