Kreator - Intro/The Pestilence (live)

That's probably a common attitude in the black metal scene.

Leraje - Pact with the Cosmos

When it comes to dsbm I think it's more like "zomg I is so gewd owo"  
Because ridiculously high number of downright horrible projects.

Manowar - Hymn of the Immortal Warriors

One song after this and then time to go through Lordi.

My flag is not in any way Finnish. It only looks like it.
