Hmm well the thread seems to have hit a rut
Notably, of the above responses, two both seem to address the issue at hand

Mental sanity because this thread is getting quite confusing

I'd say this nation is about 85-90% representative to my beliefs

About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

I'm probably in the minority, but I actually pay more attention to in game stats than to roleplay
