Darude - Sandstorm

Used to be a straight-edge orthodox communist, now I'm *de facto* a state-capitalist who dislikes migration and hopes automation will bring socialism under proper conditions.

2Pac – How Do You Want It

You know, listening to his previous albums yesterday, this one comes off as being pretty commercial for that time. He went from being this political, street wise, self-aware, hustling street scholar to this paper chasing, Snoop Dogg-like gangster but with feelings. And unfortunately, that's the 2Pac that left this earth... He's still awesome, just not the same.
Fuck you Death Row (his record label, which I blame for this change).

"Zu Potsdam unter dem Eichen" from Weill/Brecht's *Berliner Requiem*.

"There is one intelligence community and one only. And we are all its victims, wherever we live."

"...taking but not giving, ruling but not obeying, telling but not listening, taking life and not giving it. The slayers govern now, without interference; the dreams of mankind have become empty." -- *Philip K. Dick*
