All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

I Dreamed a Dream.

**Республіка Рюрідова - Королівство Вілкія**

*"For I was hungry and you gave me something to eat; I was thirsty and you gave me something to drink; I was a stranger and you invited me in; I needed clothes and you clothed me; I was sick and you looked after me; I was in prison and you came to visit me... Truly, whatever you did for one of the least of my brothers and sisters, you did for me."*

There are so many versions of that song, that doesn't really narrow it down.

### Smadj - Sel

Yes, all musical references are intentional.

The Rhythm Nation was founded in 1369 and is still around as late as 5000 AD, so I can RP in any tech setting you want. But magic does exist and can be used, and this is non-negotiable.
