If it's even physically possible considering how controlled Ionaris' economy is and how strict it is to wealth.

We would likely award them, "Hey good job being able to amass such a huge wealth! We're so impressed we'll give you a position in the Lower Aristocracy!"

little did they know the lowest rung of the aristocracy almost certainly guarantees death by assassination by fellow aristocrats who are greedy for more power

Being "condemned" to a life of aristocracy is punishment enough in Ionaris, seeing someone be able to run a pyramid scheme, would certainly impress the ruling regime, so they would put them in a position so they could cause more chaos in an controlled environment-- The land of the wealthy.

If they do get assassinated by another greedy aristocrat, oh well, they're still replaceable sheep, good thing we still own their money though.

Vandalism of cultural landmarks, statues, museum artwork, etc.

It can vary, but a fine for this would prolly be in between the range of \$100,000 and \$1,000,000 depending on the value and severity of said vandalized items/property. You'd also have up to 5 years of house arrest, followed by a month of community service.

3 years of re-education labor for engaging in BOURGEOIS cultural activity (formal banquet), and another 2 for violating the state dress code(anything that isn't the approved uniform in itself is illegal, but ripped jeans is *very* illegal tsk tsk). So that adds up to a total of 5 years

Theoretically, life imprisonment. Should be execution but Diarcesia outlaws capital punishment.

Depends. AIDs? Why, that is already spread deliberately to kill off degenerates. Any other sort of disease, say, COVID or the flu, it's not really worth Civil Protection's time to deal with it unless a national emergency is in place.

A commendation, granted, possession of drugs (specifically opioids) in Ionaris is extremely forbidden and punishable by erasure. However, becoming that powerful? Might as well bend a few rules, have them distribute those drugs to "unwanted" aristocrats, oh no! Those aristocrats are possessing contraband?! Kill them!

Then we kill the Kingpin.

ninjad' brb

Death, banks in Ionaris are heavily protected, managing to rob a bank in this scenario is almost always punishable by death, same as most forms of theft and robbery.

Torture.
