They have a black market that is tolerated, but kept under watch to ensure that it doesn't get out of hand, or arm rebel groups. Their leader also developed a racial animus while serving in the military.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.

I have learned that their anthem and the nation as a whole is meant to serve not just their people, but to the visitors and any other people that decided to make this country their home. It's pretty wholesome to me! ^^

I also like that there's an Animal Rights Party, which I don't find it bad at all, but it's just unusual to me, heh!

AN: "Every monarch is expected to protect Vilician values above all else."

Pointing this out, and the fact that it sounds a bit too suspiciously to "Villain". You know, Villain... Vilician... yeah.

The battle of Scordnia was the defining moment that shaped many of the Empress's future racial policies, as it put on display how "primitive" and "uncivilised" other peoples were.

"To a world of liberty and equality for all!"

Always looked more like a mix of Irish, Serbian, Old English, and Icelandic to me, but I can definitely see a bit of Vietnamese in there too.

Judging by the little information in their factbooks, i'm going to assume things.

The Greater British Republic is a Democracy located in, you guessed it, the island of Great Britain. It's, currently, the only nation in Europe due to a nuclear war between the United States and Russia that devastated the world and caused the collapse of all major powers, the United Kingdom included.

The Qing dynasty survived the Xinhai revolution in 1911 and went to the Warlord era nine years later without any semblance of democracy -or anything resembling it anyway. Makes sense.
