Forum 7 but they have made many notable, famous and often lauded ventures into other forums. More specifically, the man Drongonia is known especially for their interesting, investing and overall very valuable indexes in which they retain vast amounts of information from the various nations of the world for our collective entertainment. So I will say extremely well-known, a celebrity, in a way. They're also a guy I would consider myself a pal to.

Not well-known

Subjectively for me they are not that well-known, as either I don't encounter them too much, or if I do they pass to me unnoticed in the blink of an eye due to not really memorable they are. Actually I feel that I come across a lot of times with this nation, I just don't remember them too much due to lack of distinction, either in interactions or its nation's content (lore). I think that a lot of people feel the same.

They've got some awareness around NS for sure, but overall with how much they *could* have based on their join date and their comparable lack of activity, I'd say they're not super well known.
