You'd get your car taken for the night, left in jail to sober up, fined, and released with a strike on your license. Three strikes, you get your license revoked for ten years, or until you can prove you've quit drinking.

Assassinating the nation's leader (or whoever is truly in charge)

Hey, I exist (*occasionally*). I usually stick to the game (trading cards, answering issues, etc) but in the rare* occasion I feel like making a post, I'll be here. I also have tendencies to howl at the moon and can sniff out 'fendas from up to 30 miles away.

Floppa Lovers, though being based for loving Floppa, did not post a crime, so I'll do Ravensburg's

Depends on whether you succeed or not. If you do, congratulations; any consequences will be up to the regulating body that gave you your license, but no crime was committed. However, if one of the planes crashes and hurts someone... it's an accident, so no need for rehabilitation in jail, but you will need to pay a fine to cover any damage to people or property.

If you are a butcher and don't know about the spoiled meat then you will be fined

If you are a butcher and purposely sell spoiled meat then you will be fined and have a working license revoked (in case of deaths caused by it even facing a potential jail)

If you aren't butcher and sell a spoiled meat on a black market then it depends on the conditions but in any case you will face a joint for at least a month

The individual would be charged with public endangerment/openitchfreecung and fined up to a maximum of 2,000D. The individual would also be required to work some time in community service for the endangerment they caused.

That would not be punishable in of itself. If the individual became involved in plotting or felicitating terrorism, then they would be imprisoned for a maximum of 15 years and may be given an unlimited fine.
