Really music, are you trolling me?

My right eye sucks too. Maybe I'll get emo-style glasses sometime, so I don't despise glasses as much as I do.

I'm mixed on glasses. People have aid I looked like Harry Potter before with them, so that isn't such a bad compliment. But now I don't really look like that. In fact, I used my dads driving glasses and I reminded myself of some awesome scientist guy from an old TV show I used to watch. Aaand then I realized how much that said scientist looks freakishly like my cousin, who wears glasses, that my mom said I looked similar to him before. So it's kind of appropriate.

Lamb-Angelica

Some emos look quite cute and hawt with glasses, so it can work.

Do you mean the scientist Walter from Fringe?

Note: Before 2480, Olwe was called Athan. If you see this word in a thread, it's because you mentioned a year incompatible with Olwe in that thread but still made it open to all techs and therefore are allowing Athan's magic.

Actually, a scientist from Strange Days at Blake Holsey High.

A show I used to watch a LOT when I was like 11 or 12, and we actually had television and I actually cared to watch TV.

Heard about them and Lorde as the latest "popular pop acts" that are supposedly supposed to actually be somewhat interesting.

Haven't actually listened to Haim, though.
