I could, but I prefer only having one account on NS and it being my main. Especially for AN type threads.

I have the excuse of the worms being monster girls and anime character ai generators usually only really making females.
Well, if I had to guess, I would say it's that the majority of site users are attracted to girls, so when they also chose a style they like, the outcome is rather obvious.
Also, I think it also partly is a result of the spite against the anti-anime posters. They kinda are responsible for it with their perpetual need to state their dislike without anybody asking.

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.
