Monkey's 1444, 1443, 1442, and 1441 were the 4 rapsclallions who broke into a Second Amendment supporting American. They died in these ways. Monkey 1443 was shot with a Kentucky Rifle at point blank range. Monkey's 1444 and 1441 died to grape shot pellets shot from a cannon, also at point blank. The fourth Monkey died to a triangular bayonet wound, which are indubitably impossible to stitch up.

Monkey 1437 made a fortune dubbing baby seals. Then, in a fit of remorse, he gave all of the money to charity. Some gangsters abducted him to force him to give up the money and they wouldn't believe him when he said he didn't have it. He managed to escape and spent several months in hospital recovering from his injuries. One day, a rather odd-looking 'nurse' came into his room flopping on its flippers and turned off his respirator.

Monkey 1438 died in prison, where he sat for his Warcrimes in Yugoslavia. He slipped on a piece of soap and landed with such velocity in the shower sink, that he went through it. In showersink hole-formed monkey stripes.
