I think splitting the news scroller thingy into several separate lines is quite neat, both figuratively and literally. It distinguishes the scroller from the countless others on this forum. Also, it reminds me of something like the stock market tickers at stock exchanges; the lines combined with the monospace font really give it that effect, which is cool.

Escaping from the idolatry and soul-crushing societies of the so-called 'Die Freie Welt'. Those who still carry on the lord's work found refuge in the subterranean ancient realm of Agartha.
