A nation based off the music video for Katy Perry's song "Dark Horse", mixed with influences and technology from science fantasy and space opera franchises such as Warhammer 40,000, Halo and Dune, and, beside the ancient Keretic aesthetic, culturally inspired in part by the three Islamic gunpowder empires of the early modern period.

Remove kebab!

The Dominion of Upper Nan: a technologically-advanced technocratic, national-syndicalist state where the people are mostly left to their own devices and given generous benefits so long as they obey the (numerous) laws and don't get any clever ideas about challenging the State's authority or bringing back democracy.

Largely inspired by *Judge Dredd*, Plato's *Republic*, and the political philosophies of Juan Perón and (to a lesser extent) António de Oliveira Salazar.
