Calling: Etwepe and ____ picks up

nuclear War has consumed the Once holy Lands of Russk, The Government reduced to ashes with trace amounts of our church hidden in forts and underground bunkers deep in the tundra, while on the Surface warlords and militias struggle for survival, Food and comfort are a luxury enjoyed by next to none. While in the bunkers that our generals and clergy retreated to when the bombs fell, nothing but schism and starvation await. Will our Holy Regime live on in this Post-Nuclear nightmare?

I spy a Parsininsa

Small island nation that recently came out of isolation, in a world with slightly more advanced tech than the modern era.
NS stats died to a hostile anomaly during the isolation period.

Hello there. I'm **Simonia**, your average leporine TG-loving F7er. Our nation has twenty-one provinces, four regions, and four capitals. And before you ask, Pink Castle City is called that for its pink castle, Pink Castle City's main building.
