Québec or Baghdad. I know they are pretty far apart, but that's my hunch.

Federated Communes of Cygnus X-1

A federation of various leftist Communes in a Sci-fi world, orbiting a beautiful dance of a black hole and a blue star.
Part ancom, part Democratic Confederalist, some mutualism and a fair bit of fully automated luxury gay space communism. So a united libleft polity in space.
Low-end FT.

Southern US

I don't stand with Ukraine. I don't stand with Russia. I don't stand with the US, NATO, or EU. I stand with the innocent civilians being caught in the crossfire while the politicians, the media, and weapons manufacturers continue to stoke division and conflict in their geopolitical chess games and treat the people of Ukraine as mere pawns. Zelensky is a corrupt, opportunist oligarchic politician who is not fit to lead Ukraine through anything and wants to inflate his own ego and offshore accounts.

Don't doublepost. It's pretty much badly looked down over here in F7 (since one of its pillars is "everyone participates").
