4/10. it looks like the nation generally seen as heroic, democratic, and free, but actually has many atrocities during war on their record and staunch issues among social groups like races, genders, sexualities, or classes.

(I do not use NS stats)

**Modernized Juche Korea.** In 1900s, Joseon Dynasty still existed. Kim Il-Sung led one of many revolutionary groups, captured 2/3 of Korea. Alternate Korean War, North won in 1950. Kim Jong Il dies in 2009, Un in 2016. A cousin, Kim Seyong-Taek obtains power and makes Korea a regional influencer.

That's exactly what they want you to think, it's a clever propaganda trick.

Anyways you're a 6/10; the flag just looks like it could belong to a space empire that invades planets for their resources and (maybe) blows them up, though it also seems like an institution that could be the opposite of that as well.

AN:

0/10; Korea and Juche are great, though I'm not really a fan of this flag design
