Zuni is FT, but will recognize FanT and Pony nations. I am also capable of playing in MT or late-PT threads if needed, by switching blasters for revolvers and speeders for horses.

Sorta folky stuff. A little like Neutral Milk Hotel mixed with vaudeville music and Modest Mouse.

Strapping Young Lad - *Almost Again*

CVT Temp wrote:
I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
