*Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.*

Mogwai-Kids Will Be Skeletons

This songs more like a math rock song title than a post-rock one. They seem to have math rock quirky titles (Happy Songs for Happy people being an album full of sad, mellow songs) while being a varied post-rock band.
