Juliette Lewis kicks my ass. Amazing acting ability, gorgeous voice. I barely give a shit that she's a crazy Scientologist. So is Beck.

Yeah. I was a bit surprised to find out Beck was a Scientologist, for whatever reason. Maybe I was just surprised that people are actually a part of that in the first place. But he seemed to even think most Scientologists were crazy, so maybe he's a bit more sane in that regard.

This is some strange pop music. This makes me think of...I dunno, some form of pop and punk? With electronic and, as described, "Worldbeats"
