A car just passed by. Little drops of rain are following down from the house onto this machine, and the floor. There are more cars passing by. Some neighbors are talking in another language.

It's raining harder. I heard some crows squawking. I don't hear my neighbors talking anymore. There's some thunder, either that or the sound of a plane near us.

Also, the sounds from the movie I'm currently trying to watch, .

Promontory from the Last of the Mohicans...quite possibly one of most stirring pieces of music I've ever heard.

Health-High Pressure Dave

Apparently Grand Theft Auto V has a bunch of songs written for it or something, and not just soundtrack songs done by Tangerine Dream, the same guy who did the Red Dead Redemption soundtrack, and somebody else.

Wow, you know Gallowbraid? They're a relatively obscure band and very underrated. That's my favorite song by them.
