### Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

✠ Saint Empire de la Chrétienté ✠

The heathens finally defeated, Christendom would eventually solidify its control over the whole of the Levant. Frankish territories in Eastern Europe and the Crusader States of the Holy Land were merged into a reborn Roman Empire that stretched from Epirus to Cyrene. The ancient empire continues to exist in the

modern age as a center of Christian zealotry as well as pilgrimage. Led by the mighty Roman Emperor, and ever adherent to the Catholic Church, the Empire resolutely preserves its traditions and faith within an age of apostasy.
